## **SURNAME INDEX TO VITAL RECORDS IN THE ALBUQUERQUE JOURNAL - 1939**

### ***INTRODUCTION***

The idea for this index first came about as a result of Ms. Drew's work at the Denver Public Library Genealogy Division. That library had certain indexes and materials which are invaluable to genealogical researchers. Our new library had a fair amount to offer researchers; however, there was little for those who were researching their local "roots". There were few genealogical publications of regional interest. With the publication of these indexes that is now beginning to change.

On her return to the Albuquerque Public Library Special Collections Branch, Ms. Drew considered what information would be most useful to those people doing local research. One of the best sources of genealogical information is, of course, the local newspaper, but there is rarely an index to those records. Therefore, she decided to create one. She directed the compilation of the vital statistics for 1925 to 1936, which is available in the library, but no extra copies were made for distribution at this time. Under her direction, the Albuquerque Genealogy Club undertook the project of further development of these indexes.

A form was developed to cover the major vital records which normally appear in the newspaper - births, deaths, marriages, and anniversaries. This would be an index to the principals in the article and would cover only those persons of either New Mexican origin or who participated in one of these events in New Mexico. In other words, an accident occurring in Texas or New York would be indexed ONLY for those persons of New Mexico origin or residence. A marriage of a Coloradoan and Californian, married in New Mexico and reported in the newspaper, WOULD be indexed here.

The Albuquerque Journal contains a great deal of information about events all over the state of New Mexico since it is the largest newspaper in the state. This index can be useful for many events which occurred outside of Albuquerque. Be alert when searching as often a subject appeared in more than one article on a page. We attempted to show that by using "(x2)" to indicate "two times on that page".

At this time, the Albuquerque/Bernalillo County Library System has the Albuquerque Morning Journal, Albuquerque Journal, and Albuquerque Tribune available on microfilm from approximately 1882 to the present. Some early issues are missing. Photocopies

of a particular record may be obtained from these microfilm copies at the Main Albuquerque Public Library. The Special Collections Branch of the Albuquerque Public Library has newspaper microfilm only for the territorial years (prior to 1912).

We are attempting a complete surname index of the various Albuquerque newspapers from 1880 to 1925 and a vital statistics index of the Albuquerque Journal from 1925 to 1960. Many years are completed and will be found itemized on another page of this preface. Commencing with 1960 we are compiling the obituaries found in the Albuquerque Journal to the present time.

We hope that you will find this index easy to use and filled with relatives for whom you have been searching.

### **FORMAT**

The format of this index is quite simple. Names are given alphabetically by surname. It is compiled on an annual basis. This does mean that users will need to check each year, ESPECIALLY if some event occurred towards the latter months of the year. The legend is followed by the date and page or pages on which an article appeared. REMEMBER: the date shown is the date reported in the newspaper and not necessarily the date of the indexed event.

### **LEGEND**

B = Birth  
M = Marriage  
D = Death  
AB = Anniversary of birth  
AD = Anniversary of death  
AM = Anniversary of marriage  
Div = Divorce action  
(X2) = Two items on the page

### **HAPPY SEARCHING**
